Take the Plunge on an Abort73 Shirt

I [the director of Abort73] recently received the following email from a student in Ohio, who just ordered the Abort73 shirt pictured at left: *"I've already got a ton of comments on [my Abort73 shirt], asking me what it means, etc. It's an awesome witnessing tool, not only for the harm of abortion but an open*

door for a conversation on Jesus (and that's only after wearing it once). I'll be looking at getting some more shirts soon." If you're a student, you have daily exposure to hundreds, if not thousands, of other students who would benefit tremendously by visiting Abort73.com. The simple act of wearing an Abort73 shirt may be all it takes to get them here, and once they're here...

Education— Intercession— Intervention

We've packed this newsletter with valuable tools and information from one of our favorite sites: Abort73.com. The reason we love this site is simple: they glorify Jesus Christ by telling the truth about abortion.

Here at Calvary Downey, Crossroads is just a simple ministry where God gets all the glory. He has us involved with Abstinence education, crisis-pregnancy intercession (at the clinic, etc.) and post-abortion intervention (healing). Jesus has even opened the door for us to be a pro-life liaison to other churches. Let us help your school or church talk about a very dear subject to the Lord. Many college and high school students have already done so.

Do you want to start a pro-life ministry/club at your church or school? It's easier that you think. We'll show you how to get started.

Doing a report or term paper? Why not choose the topic of pro-life? We help students gather all the information and materials they need to put together
